

The first picture of Gerty has five differences from the second picture.

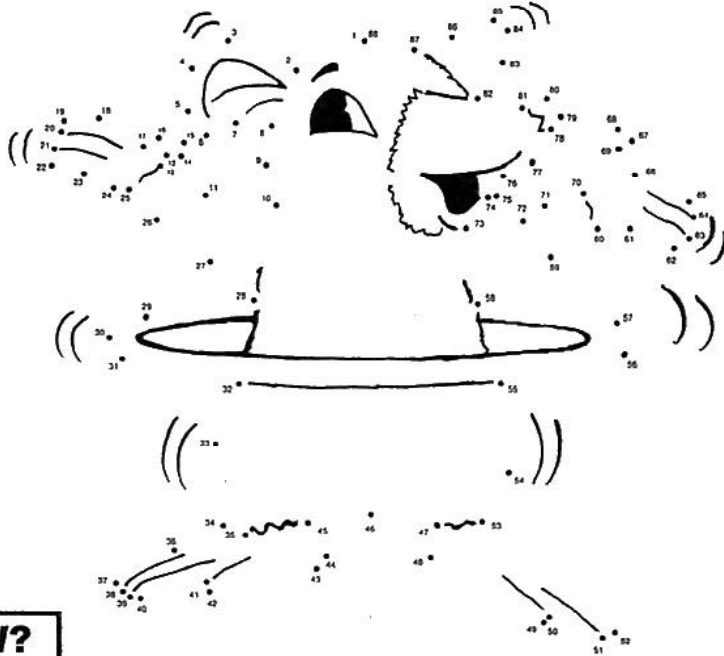

See if you can spot all 5!

DID YOU KNOW?

Guinea pigs are also known as 'cavies' – a name which comes from their origins in South America, where some of their cousins still live in caves and abandoned burrows.

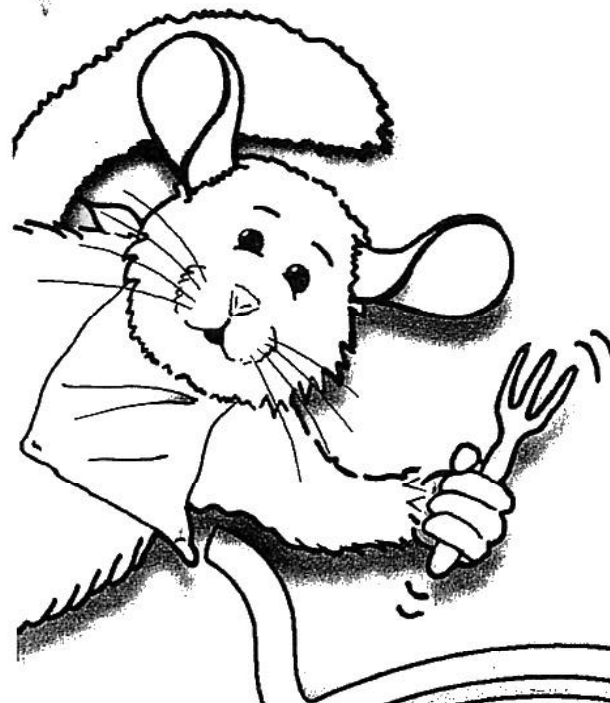

see if you can join all the dots up and find out what Reggie's up to!

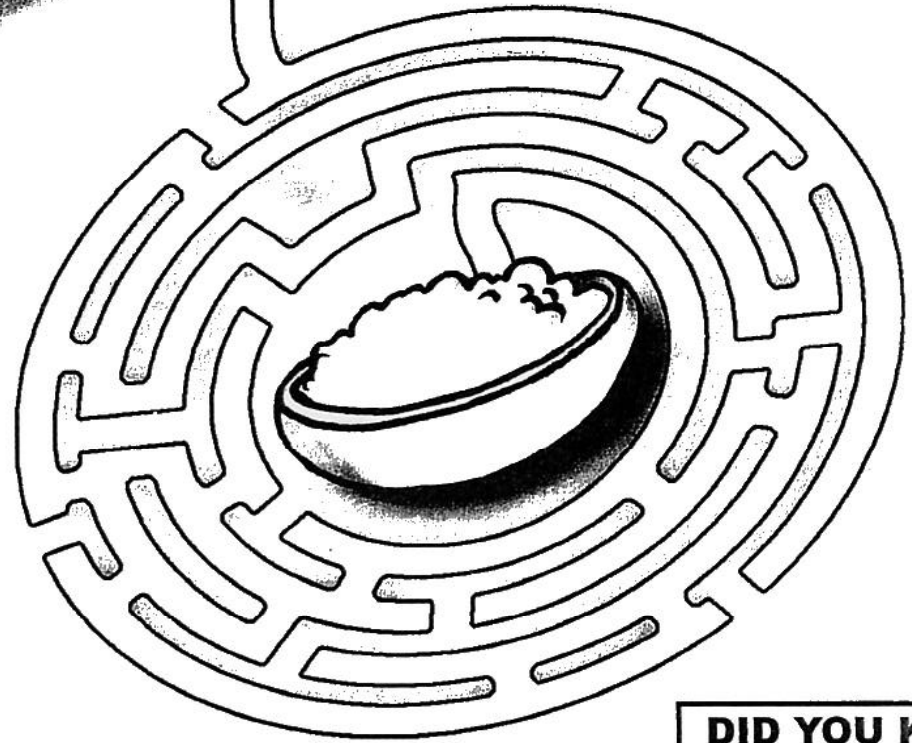

DID YOU KNOW?

Fancy rats are very smart, affectionate, and playful! (unlike wild rats).

My dinner is lost in the centre of the maze. Can you help me find it?

DID YOU KNOW?

The average chinchilla eats around three dessertspoons of Charlie Chinchilla food a day!
